**Commodity Cycles: How should Investors Respond?**

**28<sup>th</sup> June 2021 from 4:00 p.m. to 5:30 p.m.**

**Dear Sir/ Madam,**

IMC Chamber of Commerce and Industry in association with MCX is organising the online seminar as per following details:

**Topic: Commodity Cycles: How should Investors Respond?**

**Day and Date: Monday, 28th June 2021**

**Timing: 4:00 p.m. to 5:30 p.m.**

Commodity markets by their very nature are volatile. As the Indian market integrates with the world market through trade route and investment route, Indian markets are often impacted by changes in the world market. Often, commodity markets follow a pattern and are subject to cycles. Driven by a host of factors, currently, commodities - energy products, various metals, agriculture - have rallied to new highs.

Will the rally sustain? There is a view that commodities have entered a '*supercycle*'. How far is this correct? These and related questions are uppermost in the minds of investors and other stakeholders. How should they respond to the current market dynamics and benefit from investing in commodities?

To address this question IMC Chamber and Industry in association with MCX (India's leading commodity derivatives exchange) has invited a panel of experts who will seek to unravel the commodity market mysteries and put the market dynamics in perspective.

The key speakers are

- Mr. G Chandrashekhar, Economic Advisor, IMC and Director, IMC ERTF
- Mr. Vikram Dhawan, Fund Manager - Commodities, Nippon India Mutual Funds
  
- Mr. Debojyoti Dey, AVP- Commodities, MCX Ltd

We cordially invite for the event. Kindly note there is NO PARTICIPATION FEE. However, registration is mandatory. On receiving a registration request, VC details will be provided.
