MSME Chamber of Commerce and Industry of India Glass, Battery Recycling & Electrical Vehicles (Conference | Awards | Exhibition) on 28th July at Vigyan, Bhavan, New Delhi

Organised by

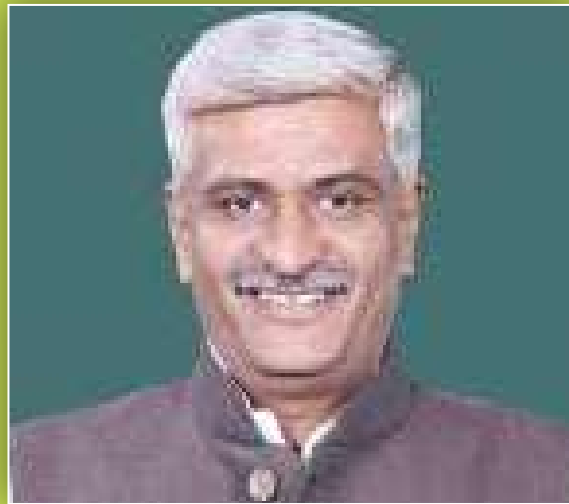

MSME Chamber of Commerce
and Industry of India (MSMECCII) &
Shriram Institute for Industrial Research(SIIR)
Jointly

Co-organised by

International R&D Creativity Organisation,
USA,
International Chamber of Media and Entertainment
Industry (ICMEI),
NHRO - National Human Rights organization
Regd.by the Govt of India

INAUGURATION

Shri Gajendra Singh Shekhawat
Union Cabinet Minister
in Ministry of Jal Shakti,
Govt of India

In association with

MSME Chamber of Commerce and Industry of India

Glass, Battery Recycling & Electrical Vehicles

(Conference | Awards | Exhibition)

on 28th July at Vigyan, Bhavan, New Delhi

Benefits

The MSMECCII BATTERY RECYCLING Exhibition & Conference is the only event of its kind to deliver leading market intelligence and industry presentations on the latest in new technologies and techniques for electric vehicle battery recycling and reuse.

Benefits of attending include:

- Two days of in-depth presentations revealing the very latest market intelligence addressing the automotive industry's collective focus by sharing results and industry experiences.
- Exclusive networking opportunity, a chance to engage with other professionals with shared challenges and experiences in this fast-developing sector.
- Updates on regional projects and research led by leading battery experts and manufacturers detailing their experiences, findings, and new proposals.
- Technical presentations from service providers showcasing the latest results from recent tests and trials, technological developments, and new technical know-how.
- New case studies on specific examples from leading industry experts in electric vehicle battery recycling and reuse initiatives
- Unique opportunity to integrate with a multitude of end-users and seek new market opportunities by demonstrating an insight into this evolving industry

Attending this conference will enable you to:

- Understand the current market dynamics of EV battery recycling and reuse.
- Learn how to develop strategies for battery design and development for end-of-service benefit.
- Hear the latest trends, with an overview of the year and projections for the recycling industry.
- Discuss new innovations and technological developments in recycling and repurposing EV batteries.
- Access different ideas and perspectives from a multitude of manufacturers and

allied industries combining regional experiences.

Who should attend?

This event is aimed at automotive OEMs, lithium-ion battery manufacturers, government, and policy think-tanks seeking to learn more about the benefits of recycling and repurposing end-of-service electric vehicle batteries to ensure a sustainable and circular economy. Core attendees include CEOs, COOs, CFOs, Presidents, Vice Presidents, Directors, Heads of, Superintendents, Managers, and Stakeholders involved in:

Electric & Hybrid Vehicles	Global Raw Materials Sourcing	Manufacturing Research & Innovation
Electric Vehicle Research	Lithium-Ion Battery Repurposing	Advanced Technologies Research
EV Battery Manufacturing	Equipment Design and Manufacture	Research and Development
Battery Recycling Initiatives	Advanced Remanufacturing	Strategy, Projects & Public Affairs
Electrical Waste Management	Cost Reduction Strategies	Legal and Compliance Work
Reuse & Repurposing Strategies	Chemical Engineering	Vehicle Safety & Testing Bodies
Battery Process Engineering	Sales and Marketing	Equipment Certification Services
Metallurgical Engineering	Business Development	News Reporting and Journalism

From the following industries and companies

Electric Vehicle Battery Suppliers	WEEE Recycling Companies	Associations and Alliances
Electric Vehicle Battery Researchers	National and Electricity Grid Companies	Universities and Academia
Automotive OEM Manufacturers	Renewable Energy Companies	Research and Development
Automotive Researchers	Materials Science and Engineers	Government Agencies
Tier 1 Battery Manufacturers	Electrical Equipment Manufacturers	Consultants and Advisors
Waste Management Companies	Electrical Component Manufacturers	Public Consultation Groups
E-Waste Recycling Companies	Global Commodities Advisors	Legal and Compliance Services
Engineering Companies	International Quality Standards	News Reporters and Journalists
