Chandrakant M. Parekh
President

To,
The Chief Officer,
Silvassa Municipal Council,
UT of Dadra & Nagar Haveli and Daman & Diu,
Silvassa.

Subject: Compliance to obtain permission from
Central Groundwater Authority.

Rajan Aggarwal
Vice President

Hon'ble Sir,

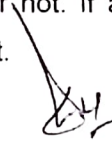

Industries are required to obtain above said permission for existing and new bore wells in their premises to extract groundwater through bore wells.

While online application is made to above said Authority, a certificate is required from the concerned Municipality / Village Panchayat that there is no arrangement / or inadequate arrangement through public water supply system.

K.T. Parmar
General Secretary

Industries within the geographical jurisdiction of Silvassa Municipal Council are making individual applications and trying to secure individual certificate from the SMC.

Instead, Federation suggests area wise common certificate to save time and procedural avoidable activities. This common certificate will certify whether in that area public water supply is available or not. If available, it will further certify whether it is sufficient.

It is hoped that Hon'ble CO, SMC will be kind enough to get these common certificates to save valuable time of SMC Officers and Industries and unnecessary paper work.

Chandrakant M. Parekh
President

Thanking You,

With regards

For **Federation of Industries Association**

To,
The Chief Officer,
Zilla Panchayat,
UT of Dadra & Nagar Haveli and Daman & Diu,
Silvassa.

Subject: Compliance to obtain permission from
Central Groundwater Authority.

Rajan Aggarwal
Vice President

Hon'ble Sir,

Industries are required to obtain above said permission for existing and new bore wells in their premises to extract groundwater through bore wells.

While online application is made to above said Authority, a certificate is required from the concerned Municipality / Village Panchayat that there is no arrangement / or inadequate arrangement through public water supply system.

K.T. Parmar
General Secretary

Industries within the geographical jurisdiction of Panchayats are making individual applications to their respective Panchayats. These Panchayats process and issuing an individual certificate.

Instead, Federation suggests area wise common certificate to save time and procedural avoidable activities. This common certificate will certify whether in that area public water supply is available or not. If available, it will further certify whether it is sufficient.
