President

FIA-151
Date: 11.09.2020

To,
Hon'ble Secretary Power and MD DNHPDCL,
Silvassa.

Hon'ble Madam,

We would like to put the following point for your sympathetic consideration and necessary direction.

Rajan Aggarwal
Vice President

To fulfil the obligation of DNHPDCL to procure or generate Renewable Energy to the tune of 5% of the total requirement of our Territory, DNHPDCL directed all the Industrial consumers to Install Solar System in their units to generate 5% of their connected load as Renewable Energy.

Many industries released the PO in favor of the contractors who were approved and authorized by DNHPDCL. Some of the industries placed the order and initiated the work of installation of the Solar System. Many industries have also paid a substantial advance to the contractors. In the meantime, due to the outbreak of pandemic covid-19 across the country, the Movement of Persons and Goods were stopped. In the said circumstances, the Installation work was stopped and we cannot achieve the targeted time limit.

K.T. Parmar
General Secretary

The DNHPDCL is again insisting the industries of DNH & DD for the installation of Solar System before September 2020. As your good self is aware that the Industries of DNH and DD are passing through a very critical situation and are struggling against financial crisis, it is difficult for the industries to install the Solar System within such short time.

As most of the industries are installing Solar Panels on the Rooftop of the industries, since monsoon is on, it is very risky to work on the Rooftop during the monsoon. It is also known that at present, the pandemic is at its peak, the manpower of the contractor is also avoiding movement from their town.

O/c

Chandrakant M. Parekh
President

So, on behalf of industries of Dadra and Nagar Haveli, Federation of Industries Association hereby request your good self to extend the time limit for one year to complete the installation of the Solar System. This gesture of DNHPDCL shall help the Industrial Consumers in their survival in this critical time.

Thanking You,
With regards,

For Federation of Industries Associations, Silvassa
