**FOUNDATION FOR INNOVATIVE
PACKAGING AND SUSTAINABILITY**

Co-organiser

Mahatma Gandhi University, Kottayam

Part - 2

Deriving Value from Post-consumer Multilayer Packaging (MLP) Waste

**Thursday, 21st October, 2021;
3:00 pm onwards**

PLASTIC PACKAGING WASTE MANAGEMENT

Adding
Ability to
Sustainability!

**Sustainable
Technology
Solutions**

**A 3-part virtual
conference series...**

Event Partners

Media Partner

The main objective of this virtual conference is to showcase a solution as regards collection, segregation and recycling of post-consumer multi-layer plastic packaging waste. This event will also highlight the state-of-the-art technologies for effective recycling and re-use of this waste, by converting it to sustainable product applications. A technological break-through in developing an innovative structure of polymeric materials will also be presented.

PROGRAMME

Moderator, Deepak Manchanda, Chief Consultant, FIPS

INAUGURAL SESSION

3:00 - 3:05 pm

Welcome Address

Prof. (Dr.) N. C. Saha
Founder Chairman, FIPS

3:05 - 3:10 pm

Opening Remarks
