# CAPACITY

## A Global Platform for Optimizing Manufacturing Capacity

CapacitySwap is a technology-based platform that structures solutions for cost, quality, and logistic arbitrage in the manufacturing sector. This increases ROI for all stakeholders.

The platform offers capacity on-demand and conserves core capital investments. Partners optimize manufacturing costs, augment and utilize capacity better and enter medium or long terms contracts after a thorough due-diligence.

This boosts productivity, reduces manufacturing costs, optimizes capacity utilization, and makes sectors competitive.

# CONCEPT

# Y SWAP

## HOW IT WORKS

The platform brings together companies that need to expand or acquire capacities without the lengthy legal and establishment process, and those with surplus capacities.

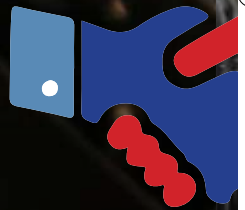

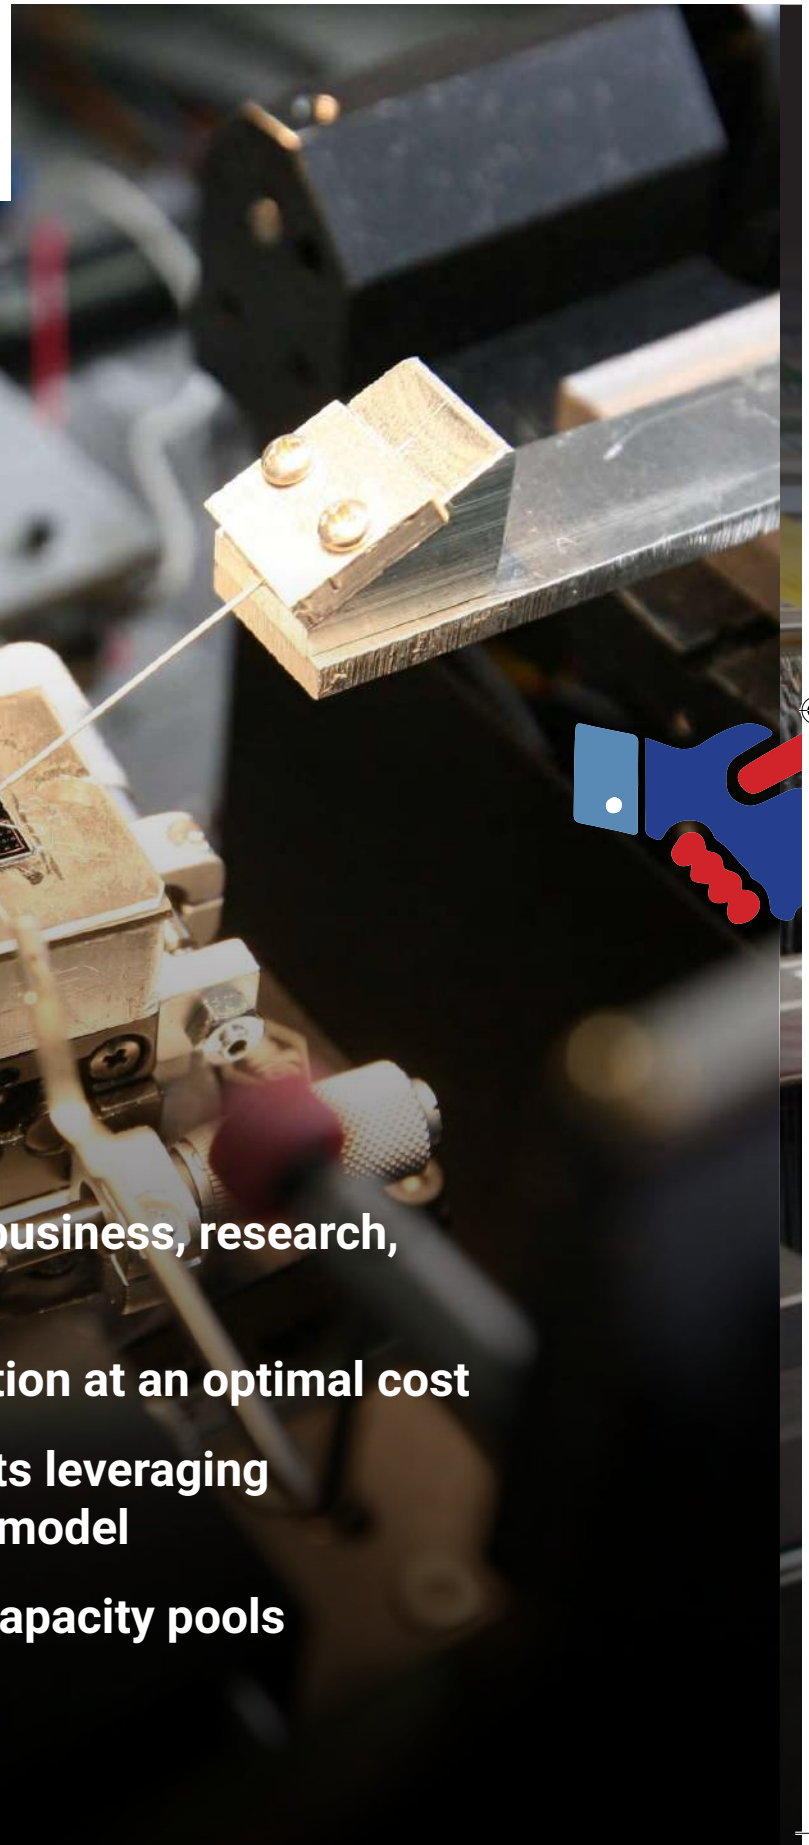

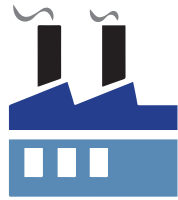

The proprietary matching algorithm connects the companies and the team facilitates the entire process.

 Registration Requirement posting Algorithm computed matches Verified capacity selection Due diligence Transaction Structuring Documentation and Conclusion

# ADVANCE

For  
**CAPACITY  
SEEKERS**

**Conserves capital for core business, research,  
branding & marketing**

**Multiple options for production at an optimal cost**

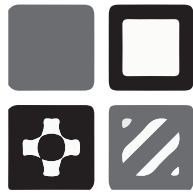

**Rapid entry into new markets leveraging  
quick-to-go and asset light model**

**Connect with global liquid capacity pools**

# TAGES

For  
**CAPACITY  
PROVIDERS**

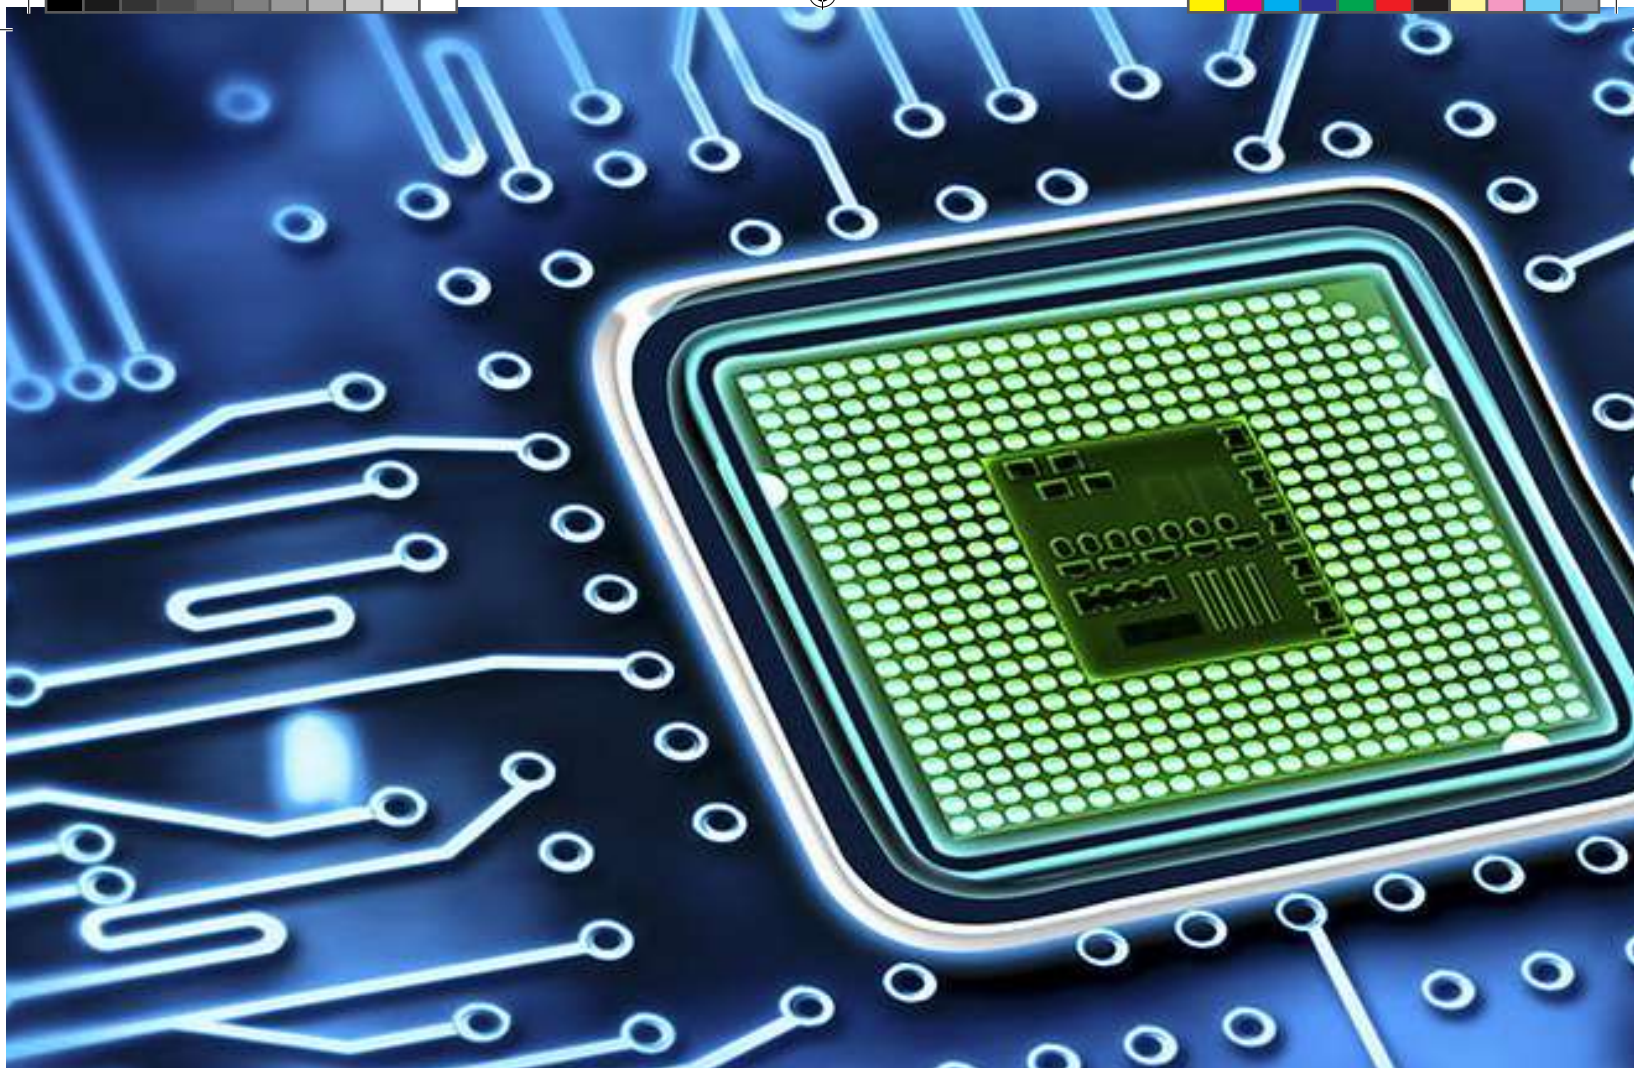

**Increased capacity utilization & reduced manufacturing cost**

**Sustained gainful employment**

**Working capital cost and capex optimization through financial structuring**

**Access to global capacity needs**

# VALUE PROPOSITION

**Deep Domain  
Knowledge**

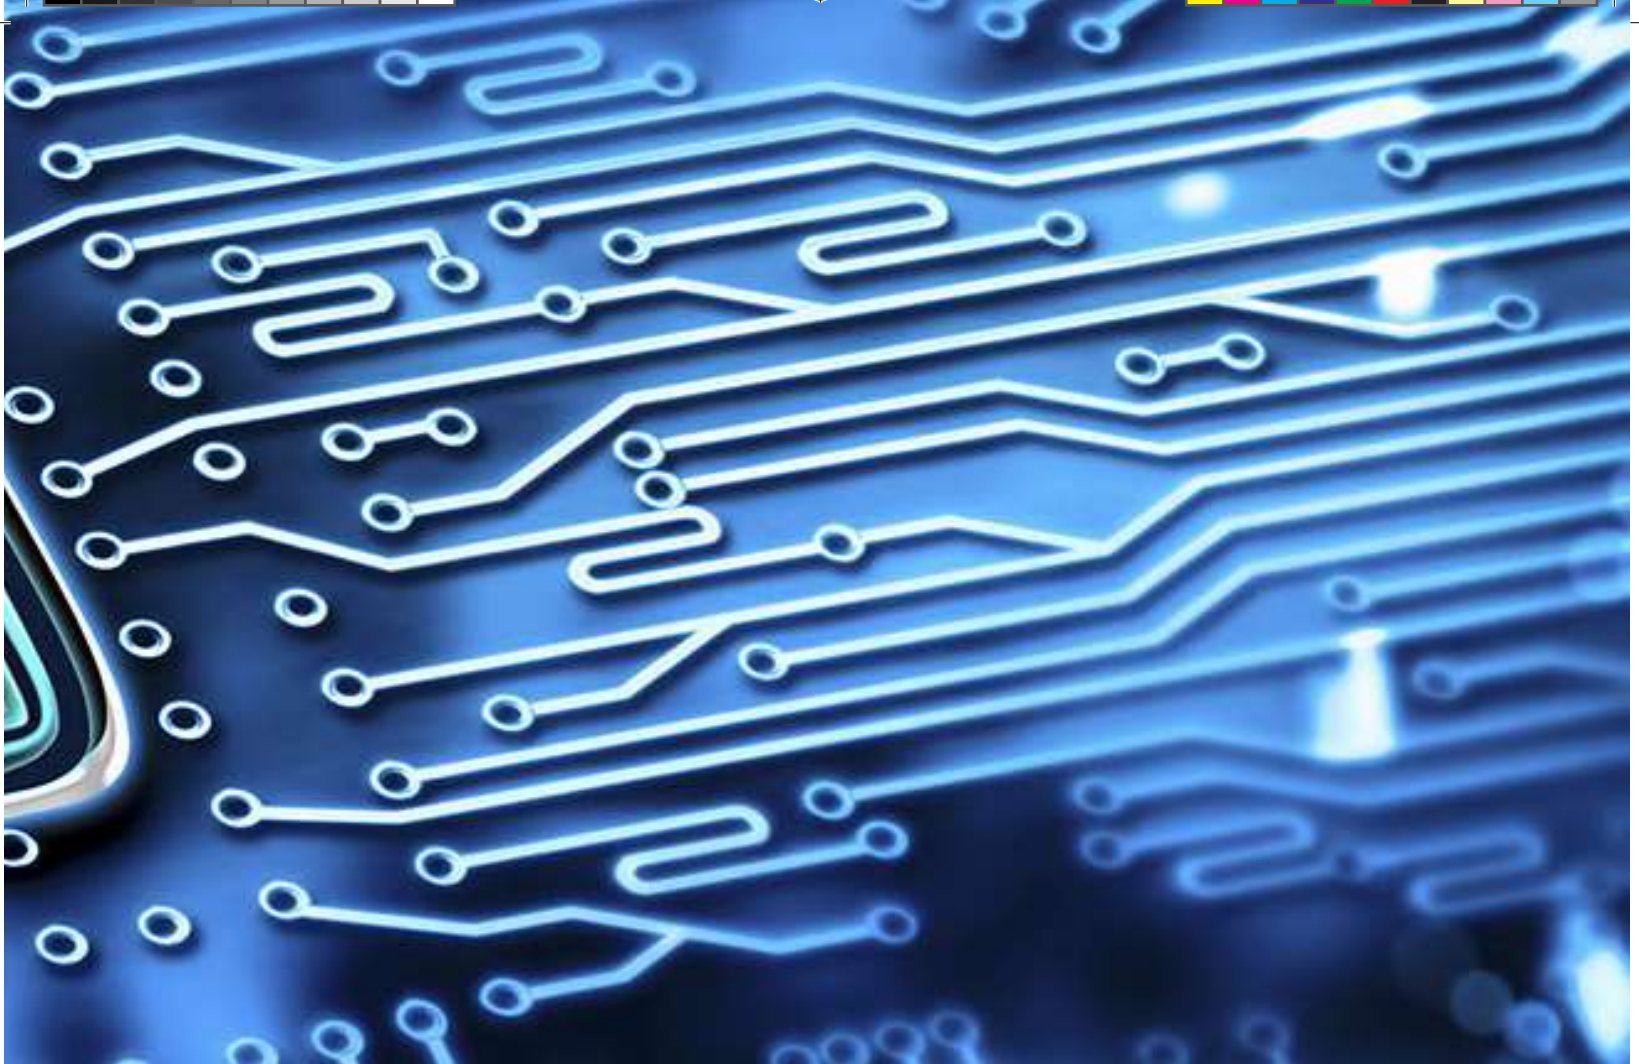

**Comprehensive  
Database & Wide  
Industry Network**

**Robust, Secure  
Technology  
Framework**

**Due Diligence based  
Transaction**

**Technical, Commercial,  
Legal & Financial Expertise**

Agility is crucial in a dynamic & disruptive business world. Seasonal demand fluctuations, production optimisation, rapid roll-outs of new products or sometimes quick ramp-ups are needed to stay competitive. Join CapacitySwap and scale up to advanced business models.

Start your journey to better cost-optimized manufacturing today! Enhance returns on Investment as the CapacitySwap platform discovers and optimizes your manufacturing capacity with underwritten long term manufacturing contracts. Increase utilization, convert capacity to liquid assets and gain access to enhanced financial terms.
