CLASS OF 2020

#TheFutureOfTechnology

**10<sup>th</sup> JUNE | 10:30 - 18:30 IST**

## HEAR GIRISH MATHRUBOOTHAM GIVE A KEYNOTE ON THE FUTURE OF WORK

### Girish Mathrubootham

Founder & CEO, Freshworks

### THE TECHNEPRENEUR WILL EXPLAIN HOW TECHNOLOGY WILL PLAY A MUCH BIGGER ROLE THAN EVER BEFORE

The future of work is now. Globalisation, digitalisation and other mega-trends are bringing radical shifts to how we live and work. Artificial intelligence, automation, and robotics will make this shift as significant as the mechanization in prior generations of agriculture and manufacturing. While some jobs will be lost, and many others created, almost all will change.

Along with the above, Covid-19 will have a lasting impact on how people work going forward. Employees will have to adjust to a new set of realities in the workplace, and will find that many aspects of the work have changed.

Hear more of such experts speaking on the important topics related to Technology at Entrepreneur Tech & Innovation Summit x Tech 25.
