

Invitation letter

Blood is a precious and scarce resource. A single unit of blood can save the lives of 3 people. Hospitals are always short of this crucial asset. Blood Donation is an honourable cause, safe, good for health and one of the best ways to help others.

Save a life, while serving your society.

We cordially invite you to take part in this noble cause. We are arranging a blood donation camp with Red Cross Blood Bank in our plant.

Please bring your employees, friends, family members and join the blood donation initiative.

Time: 11th June, 10 AM – 5PM

Venue: Next Polymers Ltd.

**Survey No. 274/2 & 275/2, Village Velugam,
