## Trade Information Advisory No.02 /2017 Date: 25.10.2017

Attention of trade and industries is invited to the latest GST changes/observations/press release by CBEC, New Delhi, wherein clarification on various issue mentioned below have been given:.

SI.No.	Issue	Clarification
1	Rule 24(4) of the CGST Rules, 2017- Cancellation of GSTIN for those who migrated but are not liable to be registered	Every person registered under any of the existing laws. who is not liable to be registered under the Act may, on or before 31 <sup>st</sup> October, 2017, at his option, submit an application electronically in FORM GST REG-29 at the common portal for the cancellation of registration granted to him and the proper officer shall, after conducting such enquiry as deemed fit, cancel the said registration. Form GST REG-29 is for cancellation of registration for those who migrated to GSTIN and are not liable to be registered. The heading to above form viz "Application Registration" has been substituted by "Application for Cancellation of Registration of Migrated Taxpayers".
2	Last date for GST TRAN-1 was amended vide Order No.03/2017-GST dated 18.09.2017, to 31 <sup>st</sup> October,2017, however the order was issued only under Rule 117 of the CGST Rules,2017. This created confusion as to whether the period extension is applicable in respect of Rules 118,119 and 120 of CGST Rules, 2017.	Now CGST Rules have been amended and it provides that any period specified in Rule 117, shall also be applicable for Rules 118,119 and 120 as well.
3	Composition Scheme-Extension of time limit for intimation of details of stock held on the date preceding the date from which the option for composition levy is exercised in FORM GST CMP-03.	The period for intimation of details of stock held on the date preceding the date from which the option to pay tax under Section 10 of the Act is exercised in FORM GST CMP-03 is extended till 31 <sup>st</sup> October, 2017.
4	Claiming credit in TRAN-1 by GST Portal- problem in claiming transitional credit in respect of existing registration under earlier laws of Central Excise, Service Tax and VAT.	When these registrations are mentioned in the TRAN I form in different tables, and transitional credit claimed against them, the tax payers gets the message of "processed with error" when they save such details. This happens because the application validates the furnished registration number under existing laws in TRAN I with the registration number mentioned in the registration/enrolment application.
		Hence, to claim transitional credit in respect of earlier registrations one must first include them in his enrolment/registration details using the non-core amendment facility and then file TRAN 1.
5	Amendment GST Registration and making amendments in registration details.	Amendment of Core Fields in registration in now available on the GST Portal for taxpayers to make amendments.
à		While filing the application of non-core registration amendment, following care must be taken at the relevant places of application:
		(i) One should not use special characters (-, /) while

		Control Excise No./VAT/TIN
		adding Service Tax No. /Central Excise No./VAT/TIN on the Business details Tab.  (ii) One should ensure that no Duplicate e-mail or Phone No. is given for promoters/ partners or Authorized Signatories.  (iii) One should see that Service Accounting Code (SAC) provided during migration has been provided as per new service codes (and not the earlier ones).  (iv) One should ensure that the STD code is entered correctly in the field provided and it is not entered in the field for entering the local Telephone no.
