A Profile.....

Central Institute of plastics Engineering & Technology is an Autonomous Institute under the Ministry of Chemicals & Fertilisers, Department of Chemicals & Petrochemicals, Govt. of India. CIPET-Centre, Bhopal has been established in 1988-89 to meet the growing demands of plastics users and conversion Industries in the region. The Institute has full fledged Design wing, Tool room, Processing Division and Testing 'Centre' to cater the needs of Plastics Industry through managerial and supervisory manpower, training, Testing, consultancy, Advisory and Development services. CIPET has been certified with **ISO 9001 : 2000** for its Quality Management System in the area of Training & Technical Services and Testing Laboratory / Centre is accredited with **ISO / IEC 17025 : 2005** by NABL, New Delhi in Chemical & Mechanical Fields.

The Institute offers highly specialised and practical oriented training of national and International standards in the field of plastics Engineering & Technology. The courses are particularly designed to ensure exposure of the candidate to practical problems involved in the relevant areas of study. CIPET has been modernised with the facilities of Computers Aided Design (CAD) & Computer Aided Processing and Testing etc.

THEME:

Skill improvement & technology up gradation in Diagnostics & troubleshooting in Plastic Injection Process, Quality Management System and Quality Control.

OBJECTIVE:

- To develop the skill and upgrade the technical knowledge in troubleshooting in injection moulding process.
- To impart knowledge on effective quality control of injection moulded products through understanding material & process.
- To familiarise with the recent developments in the field.

CONTENTS:-

- Plastics materials - Characteristics, Application, Identification & Selection Criteria
- Injection Moulding - Process & factor affecting Quality.
- Problem Diagnostic and Trouble Shooting.
- Advancement in Processing techniques.
- Plastics Product Testing & its Evaluation.
- Hydraulics & Pneumatics
- Maintenance of Injection moulding machine
- Case studies.

METHODOLOGY:

- Lectures.
- Computer Based Training (CBT) / Video Shows
- Face to Face interaction
- Practical Demonstration
- Case studies
- Discussions.

COURSE FEE:-

Rs. 5000/- + 14% Service Tax

Note: Fee includes cost of course materials, training kit, refreshment & working lunch etc. The registration option can be exercised based on above status of industries.

MODE OF PAYMENT:-

Cash or Demand Draft in favour of CIPET Ahmedabad

DURATION/ DATE:-

2 days (24 & 25 September 2015)

INTAKE CAPACITY

20 Participants only.

MODE OF SELECTION

First-come-first serve-basis.
(Spot entries may be considered subject to availability of seats)

FOR WHOM:-

- Owners/ Managers
- Engineers / Supervisors.
- Entrepreneurs
- Persons from plastics and allied industries.
- Technology learners

VENUE :- CIPET -VALSAD

SHORT TERM COURSE (STC)
